

## Search for Available Rooms- Astra

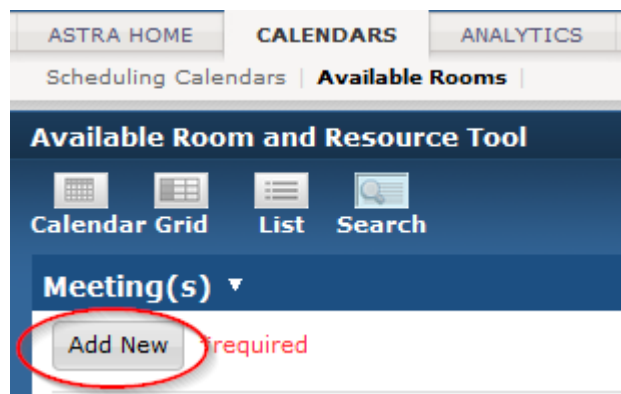

The calendar Search tool provides a quick way to search for available rooms and/or equipment and services. To perform a search, you will create one or more time/date entries, enter filter criteria, and search for availability. Finally, you may print or save the results, or even create an event to reserve the space and/or resource items. This process may be repeated as desired to refine results or perform additional searches.

1. To access the Search tool, click the “Search” icon  near the upper left corner of the calendar page. Or you may click on “Available Rooms” anywhere in the “CALENDARS” tab.

**Times and Dates:** Time and date information may be entered to represent a single meeting, multiple random meetings, or a recurring pattern. This flexibility allows for searches to be performed on behalf of an event or academic section, or simply to research open spaces and items for informational purposes.

2. To enter in the meeting parameters, click on “Add New”.

3. Enter time and date information for a search. Repeat as needed to build a list of meetings if you wish to search for items that are available across multiple times and days.
