

Lessons From Abroad Texas

The Lessons From Abroad Texas Conference is designed to offer study abroad returnees the opportunity to reflect on their international experiences, connect with other study abroad alumni, network with professionals from international organizations, and gain important skills for their future career and academic paths.

LFA Texas is hosting a one-day conference focusing on professional development and establishing a strong returnee community. Students will have the opportunity to unpack the rich experiences through a variety of channels:

- Inspiration from our keynote speaker
- Breakout sessions embracing professional development and branding reflection
- An Exhibitors Hall showcasing opportunities to go abroad again
- Space to share strategies on how to cope with reverse culture shock
- An opportunity to grow their network throughout the day
