Classroom Camera Control Guide

Use the “Light” icon to turn on/off the camera light.

Use the “Power” icon to turn on the camera. There’s no need to ever turn it off.

The LED turns blue when camera is on and red when it is off.

The Microphone is located in this area and is hidden. It is readily available for use.

Use the “Zoom In” and “Zoom Out” icon to see the image close up or farther away.

Push the “Auto Focus (AF)” icon to focus the camera. One push and it’s done.

Use the “Brightness” and “Darken” icon to brighten or darken an image.

Use the “Rotate” icon to rotate an image 0º/180º. Tip: For a 90º adjustment rotate the camera head.

Push the “Freeze” icon to pause/restart an image. Tip: The center LED will flash yellow when “Freeze” is enabled.

Use the “Zoom In” and “Zoom Out” icon to see the image close up or farther away.

Adjustable Camera Head

Rotate the camera head in various directions to optimize your camera experience. Use this 4k camera to give the audience a view of yourself during a lecture or in place of the classroom whiteboard as you instruct.

A Classroom Technology Tool for Remote Learning!

Use the ELMO MX-P2 as a web cam, microphone, and as an alternative to writing on the whiteboard. Easily integrates with Zoom.

Getting Started with Zoom
Steps for First Use

1. Start/Join a meeting in Zoom

2. Select the up arrow next to the Start/Stop Video icon and choose “Video Settings.”

3. Set Camera to MX-P2.

4. Select “Enable HD” check box.

5. Deselect “Mirror my video” check box and close the “Video Settings” window.

6. Select the up arrow next to the Mute/Unmute icon to select the microphone for use.

PC: Select “MX-P2”

Mac: Select “Capture Inactive”

Tip: It is recommended to stand 2-5 ft. from the camera/microphone when speaking.

7. The MX-P2 is now ready for use. Use the “Rotate” button on the camera as needed to switch between webcam and doc cam use.

*Zoom settings are unique to your account on a specific computer. These steps should be performed the first time you use a room but should be retained thereafter.
